QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the Annual Report, as well as the enclosed proxy card, because our Board is soliciting your proxy to vote at the Annual Meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. The Annual Meeting will be held on Tuesday, August 30, 2016, at 10:00 a.m. (Eastern time) at the offices of Sullivan & Worcester LLP, 1633 Broadway, New York, NY 10019. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

Website addresses included in this proxy statement are textual references only, and the information in any website is not incorporated by reference into this proxy statement.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on July 14, 2016, will be entitled to vote at the Annual Meeting.

Stockholder of Record: Shares Registered in Your Name

If on July 14, 2016, your shares were registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Similar Organization

If on July 14, 2016, your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account or its

agent is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

The matters scheduled for a vote at the Annual Meeting are:

- the election of seven directors of the Company to hold office until our next annual meeting of stockholders and until their respective successors shall be elected and qualified or until their earlier resignation or removal;
- the consideration and approval of the Company's Second Amended and Restated 2008 Stock Incentive Plan;
- the consideration and approval, by a nonbinding advisory vote, of the compensation of our Named Executive Officers (as defined below), as described below under "Compensation of Executive Officers and Directors"; and
- the ratification of the appointment of Kesselman & Kesselman, certified public accountants in Israel, a member of PricewaterhouseCoopers International Limited (the "Independent Auditors"), as the independent registered public accounting firm of the Company for the 2016 fiscal year.

Our Board unanimously recommends that you vote FOR all of the above proposals.

How do I vote?

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person if you have already voted by proxy.

- To vote in person, come to the Annual Meeting, where a ballot will be made available to you. Directions to attend the Annual Meeting where you may vote in person can be found at: <http://www.oramed.com/investors/governance-documents/annual-shareholder-meeting>.
- To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us no less than 24 hours before the Annual Meeting, we will vote your shares as you direct. The chairman of the Annual Meeting may, at his or her discretion, decide to accept proxy cards even if received less than 24 hours before the Annual Meeting.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Similar Organization

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker, bank or other agent, provided that your broker, bank or other agent makes telephone or Internet voting available. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

How many votes do I have?

You have one vote for each share of common stock you own as of the close of business on July 14, 2016.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted “**FOR**” with respect to Proposals 1, 2, 3 and 4. If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

If your shares are held by your broker as your nominee (that is, in “street name”), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to “discretionary” items, but not with respect to “non-discretionary” items. Discretionary items are proposals considered “routine” under applicable rules on which your broker may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as “broker non-votes.” Proposal 4 at the Annual Meeting is considered a discretionary item.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

- You may submit another properly completed proxy card with a later date;
- You may send a written notice that you are revoking your proxy to our Secretary at Hi-Tech Park 2/4 Givat Ram, PO Box 39098, Jerusalem, 91390, Israel; or
- You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker, bank, or other agent, you should follow the instructions provided by your broker, bank, or other agent.

How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count “For,” “Against” and “Abstain” with respect to Proposals 1, 2, 3 and 4.

How many votes are needed to approve each proposal?

The approval of Proposals 1, 2, 3 and 4 require the vote of a majority of the number of shares of common stock present, in person or represented by proxy at the Annual Meeting and entitled to vote thereat. Other than for the purpose of establishing a quorum, as discussed in the following paragraph, broker non-votes will not be counted as entitled to be voted and will therefore not affect the outcome of the matters to be voted thereon, while abstentions will have the same effect as a vote against such matters.

What is the quorum requirement?

The holders of at least one third (1/3) of the common stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum at the Annual Meeting for the transaction of business. As of July 14, 2016, there were 13,136,658 shares of common stock outstanding and entitled to vote. Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other agent) or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the stockholders entitled to vote thereat, present in person or by proxy, have the power to adjourn the Annual Meeting, without notice other than announcement at the Annual Meeting. At such adjourned Annual Meeting at which the requisite amount of voting stock shall be represented, any business may be transacted which might have been transacted at the Annual Meeting as originally notified.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be reported in a current report on Form 8-K filed with the Securities and Exchange Commission (the "SEC") within four business days after the Annual Meeting.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of our common stock as of July 14, 2016 by: (1) each person who is known by us to own beneficially more than 5% of our common stock; (2) each of our current directors and each director nominee; (3) each of our Named Executive Officers listed below under "Compensation of Executive Officers and Directors-Summary Compensation Table"; and (4) all of our directors and executive officers as a group. On such date, we had 13,136,658 shares of common stock outstanding.

As used in the table below and elsewhere in this form, the term "beneficial ownership" with respect to a security consists of sole or shared voting power, including the power to vote or direct the vote, and/or sole or shared investment power, including the power to dispose or direct the disposition, with respect to the security through any contract, arrangement, understanding, relationship, or otherwise, including a right to acquire such power(s) during the next 60 days following July 14, 2016. Inclusion of shares in the table does not, however, constitute an admission that the named stockholder is a direct or indirect beneficial owner of those shares. Unless otherwise indicated, (1) each person or entity named in the table has sole voting power and investment power (or shares that power with that person's spouse) with respect to all shares of common stock listed as owned by that person or entity and (2) the address of each of the individuals named below is: c/o Oramed Pharmaceuticals Inc., Hi-Tech Park 2/4 Givat Ram, PO Box 39098, Jerusalem 91390, Israel.

The Board has determined that David Slager, Kevin Rakin, Aviad Friedman, Leonard Sank and Xiaopeng Li are independent as defined under the rules promulgated by NASDAQ. Other than Mr. Slager, Ms. Li and Mr. Friedman, none of the independent directors has any relationship with us besides serving on our Board. In connection with a private placement of our common stock in 2013, we have entered into a letter agreement with Mr. Slager pursuant to which we agreed not to issue stock options with an exercise price below \$6.00 per share and not to grant more than 125,000 stock options in any calendar year without the consent of certain stockholders. Ms. Li was appointed to serve on our Board until our Annual Meeting pursuant to the terms of the Securities Purchase Agreement between the Company and HTIT., dated November 30, 2015, but does not otherwise have any relationship with us aside from her serving as a director. We have entered into a consulting agreement with Shikma, of which Mr. Friedman is the sole owner, pursuant to which Shikma was granted an option exercisable into shares of common stock of the Company as compensation for certain strategic planning and other services provided by Shikma to the Company. This consulting agreement was terminated in August 2016. The Board considered these relationships and determined that they would not interfere with Mr. Slager's, Ms. Li's or Mr. Friedman's exercise of independent judgment in carrying out the responsibilities of a director.

We have determined that each of the directors is qualified to serve as a director of the Company based on a review of the experience, qualifications, attributes and skills of each director. In reaching this determination, we have considered a variety of criteria, including, among other things: character and integrity; ability to review critically, evaluate, question and discuss information provided, to exercise effective business judgment and to interact effectively with the other directors; and willingness and ability to commit the time necessary to perform the duties of a director.

Board Meeting Attendance

During Fiscal 2015, our Board held seven meetings and took actions by written consent on six occasions. No director attended fewer than 75% of the aggregate of: (1) the total number of meetings of the Board (during the period for which such director served as a director) and (2) the total number of meetings held by all committees of the Board on which such director served (during the period for which such director served on such committees). Board members are encouraged to attend our annual meetings of stockholders. At the annual meeting of stockholders held on August 11, 2015, four Board members were present.

Committees

Audit Committee and Audit Committee Financial Expert

The members of our Audit Committee are Leonard Sank, Harold Jacob and Gerald Ostrov. Our Board has determined that Gerald Ostrov is an “audit committee financial expert” as set forth in Item 407(d)(5) of Regulation S-K and that all members of the Audit Committee are “independent” as defined by the rules of the SEC and the NASDAQ rules and regulations. Following the Annual Meeting, we plan to reconstitute our Audit Committee and determine our audit committee financial expert. The Audit Committee operates under a written charter that is posted on the “Investors” section of our website, www.oramed.com. The primary responsibilities of our Audit Committee include:

- Appointing, compensating and retaining our registered independent public accounting firm;
- Overseeing the work performed by any outside accounting firm;
- Assisting the Board in fulfilling its responsibilities by reviewing: (i) the financial reports provided by us to the SEC, our stockholders or to the general public and (ii) our internal financial and accounting controls; and
- Recommending, establishing and monitoring procedures designed to improve the quality and reliability of the disclosure of our financial condition and results of operations.

Our Audit Committee met four times and acted by written consent two times during Fiscal 2015.

Compensation Committee

The members of our Compensation Committee are Leonard Sank, Michael Berelowitz and Gerald Ostrov. Following the Annual Meeting, we plan to reconstitute our Compensation Committee. The Board has determined that all of the members of the Compensation Committee are “independent” as defined by the rules of the SEC and NASDAQ rules and regulations. The Compensation Committee operates under a written charter that is posted on the “Investors” section of our website, www.oramed.com. The primary responsibilities of our Compensation Committee include:

- Reviewing, negotiating and approving, or recommending for approval by our Board of the salaries and incentive compensation of our executive officers;
- Administering our equity based plans and making recommendations to our Board with respect to our incentive-compensation plans and equity-based plans; and
- Periodically reviewing, negotiating and approving, or making recommendations to our Board with respect to director compensation.

The Compensation Committee meets as often as it deems necessary, without the presence of any executive officer when approving compensation, except that the Company’s Chief Executive Officer, at the discretion of the Compensation Committee, may be present during the approval of, or deliberations with respect to, other executive officer compensation. The Compensation Committee may delegate any authority granted to it to one or more subcommittees of the Compensation Committee, in its sole discretion.

Our Compensation Committee met four times and acted by written consent one time during Fiscal 2015.

Compensation Committee Interlocks and Insider Participation

During Fiscal 2015, Mr. Sank, Dr. Berelowitz and Mr. Ostrov served as the members of our Compensation Committee. None of the members of our Compensation Committee is, or has been, an officer or employee of ours.

During the last year, none of our Named Executive Officers served as: (1) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on the Compensation Committee; (2) a director of another entity, one of whose executive officers served on the Compensation Committee; or (3) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as a director on our Board.

Director Nominations

The Board has not established a nominating committee, nor does it have any charter governing the nomination process. The Board has not established a nominating committee or adopted a charter governing the nomination process because it believes that the Board, of which five of its seven members are independent directors, with broad business experience, has the sufficient knowledge to fulfill the functions typically delegated to such committee.

All nominees to the Board are selected and recommended to the Board by a majority of independent directors of the Company. In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our independent directors will apply criteria including the candidate's integrity, business acumen, knowledge of our business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. No particular criteria will be a prerequisite or will be assigned a specific weight, nor do we have a diversity policy. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

The Company has never received communications from stockholders nominating individuals for appointment to our Board. Therefore we do not yet have a policy with regard to the consideration of any director candidates recommended by stockholders. In Fiscal 2015, we did not pay a fee to any third party to identify or evaluate, or assist in identifying or evaluating, potential nominees to our Board. Four of the Director Nominees for election at the Annual Meeting are current members of our Board. The three Director Nominees that are not current members of our Board were determined following management recommendation and based on their qualifications, their executive experience, their familiarity with corporate finance generally and with the Company history in particular.

Code of Ethics

We have adopted a Code of Ethics and Business Conduct for our senior officers, directors and employees. Our Code of Ethics and Business Conduct is posted on the "Investors" section of our website, www.oramed.com. A printed copy of our Code of Ethics and Business Conduct is also available free of charge to any stockholder who requests a copy. We intend to disclose any amendment to or waiver of a provision of our Code of Ethics and Business Conduct that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on our website.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon a review of Forms 3, 4 and 5, and amendments thereto, furnished to us during Fiscal 2015, we believe that during Fiscal 2015, our executive officers, directors and all persons who own more than ten percent of a registered class of our equity securities complied with all Section 16(a) filing requirements.

Board Leadership Structure and Role in Risk Oversight

Mr. Nadav Kidron serves as our President, Chief Executive Officer and on our Board. None of our independent directors serves as the lead independent director. We believe that this leadership structure is appropriate to our Company given the current size and operations of the Company.

Our Board's, including our Audit and Compensation Committees', as appropriate, role in risk oversight includes risk analysis and assessment in connection with each financial and business review, update and decision-making proposal and is an integral part of all Board deliberations. Each of our Board Committees is focused on specific risks within their areas of responsibility, but the Board believes that the overall enterprise risk management process is more properly overseen by all of the members of the Board. The Audit Committee is responsible for overseeing the management of financial and accounting risks. The Compensation Committee is responsible for overseeing the management of risks relating to executive compensation plans and arrangements. While each Committee is responsible for the evaluation and management of such risks, the entire Board is regularly informed through Committee reports. The Board incorporates the insight provided by these reports into its overall risk management analysis.

The Board's role in our risk oversight is consistent with our leadership structure, with our President and Chief Executive Officer and other members of senior management having responsibility for assessing and managing our risk exposure, and the Board providing oversight in connection with those efforts.

Stockholder Communications

Although we have not adopted a formal process for stockholder communications with our Board, we believe stockholders should have the ability to communicate directly with the Board so that their views can be heard by the Board or individual directors, as applicable, and that appropriate and timely responses are provided to stockholders. All communications regarding general matters should be directed to the Secretary of the Company at the address below and should prominently indicate on the outside of the envelope that it is intended for the complete Board or for any particular director(s). If no designation is made, the communication will be forwarded to the entire Board. Stockholder communications to the Board should be sent to:

Certain Relationships and Related Transactions

During Fiscal 2015, except for compensation arrangements described elsewhere in this proxy statement, we did not participate in any transaction, and we are not currently participating in any proposed transaction, or series of transactions, in which the amount involved exceeded \$120,000 or one percent of the average of our total assets at year-end for the last two completed fiscal years, and in which, to our knowledge, any of our directors, officers, five percent beneficial security holders, or any member of the immediate family of the foregoing persons had, or will have, a direct or indirect material interest.

Our policy is to enter into transactions with related persons on terms that, on the whole, are no less favorable than those available from unaffiliated third parties. All related person transactions are approved by our Board.

In February 2013, we entered into a letter agreement with Regals and Mr. Slager pursuant to which we agreed that, for ten years from October 26, 2012, the Company would not grant stock options with an exercise price of less than \$6.00 per share or grant options to officers, directors, employees or consultants exercisable into more than 125,000 shares of common stock of the Company, in the aggregate per calendar year, without the consent of the top three non-founding shareholders.

See “Compensation of Executive Officers and Directors-Director Compensation” for information as to compensation of our directors and executive officers.

REPORT OF THE AUDIT COMMITTEE

In the course of our oversight of the Company’s financial reporting process, we have: (1) reviewed and discussed with management the audited financial statements for Fiscal 2015; (2) discussed with the Independent Auditors the matters required to be discussed by the statement on Auditing Standards No. 16 of the Public Company Accounting Oversight Board; (3) received the written disclosures and the letter from the Independent Auditors required by applicable requirements of the standards of the Public Company Accounting Oversight Board regarding the Independent Auditors’ communications with the Audit Committee concerning independence and discussed with the Independent Auditors the Independent Auditors’ independence; and (4) considered whether the provision of nonaudit services by the Independent Auditors is compatible with maintaining its independence and concluded that it is compatible at this time.

Based on the foregoing review and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report for filing with the SEC.

**PROPOSAL 2:
SECOND AMENDED AND RESTATED 2008 STOCK INCENTIVE PLAN**

At the Annual Meeting, the Company's stockholders will be asked to approve our Second Amended and Restated 2008 Stock Incentive Plan (the "Second Amended and Restated Plan"), which amends and restates the Company's existing Amended and Restated 2008 Stock Incentive Plan (the "Existing Plan"), in order to increase the aggregate number of shares authorized for issuance under the Existing Plan by 1,000,000 shares to 2,400,000 shares of common stock. Currently, 1,400,000 shares of common stock are reserved for issuance pursuant to awards granted under the Existing Plan. As of July 14, 2016, there were 49,170 shares available for future grant under the Existing Plan and options to acquire 963,736 shares of common stock were outstanding under the Existing Plan.

Our Board, the Compensation Committee and management believe that the effective use of stock-based long-term incentive compensation is vital to our ability to achieve strong performance in the future. The Second Amended and Restated Plan will maintain the key policies and practices adopted by our management and Board to align employee and stockholder interests. In addition, our future success depends, in large part, upon our ability to maintain a competitive position in attracting, retaining and motivating key personnel. We believe that the Second Amended and Restated Plan is essential to permit our management to continue to provide long-term, equity-based incentives to present and future key employees, consultants and directors.

Material Features of the Second Amended and Restated 2008 Plan

The following description of certain material features of the Second Amended and Restated Plan is intended to be a summary only. This summary is qualified in its entirety by the full text of the Second Amended and Restated Plan that is attached hereto as Appendix A.

Shares Available. The maximum number of shares authorized for issuance under the Second Amended and Restated Plan will be 2,400,000 shares of common stock, which is an increase of 1,000,000 shares from the number of shares currently authorized for issuance under the Existing Plan. Other than in the case of options intended to qualify as incentive stock options ("ISOs") for U.S. federal income tax purposes, the shares underlying any awards that are forfeited, canceled or expired (whether voluntarily or involuntarily) under the Second Amended and Restated Plan will be added back to the shares authorized for issuance under the Second Amended and Restated Plan. Shares that actually have been issued under the Second Amended and Restated Plan pursuant to an award will not be available for future issuance under the Second Amended and Restated Plan, except that if unvested shares are forfeited, or repurchased by the Company at the lower of their original purchase price or their fair market value at the time of repurchase, such shares shall become available for future grant under the Second Amended and Restated Plan. To the extent not prohibited by the listing requirements of NASDAQ and applicable law, shares surrendered upon exercise or purchase of award (including pursuant to a net exercise) or to satisfy tax withholding obligations will be added back to the shares authorized for issuance under the Second Amended and Restated Plan, unless otherwise determined by the administrator. In no event will ISOs be issued under the Second Amended and Restated Plan with respect to more than 2,400,000 shares, adjusted as described below. In addition, pursuant to an agreement between us and Regals and Mr. Slager, we have agreed not to grant options below a certain exercise price or in excess of a certain amount per year. See "Certain Relationships and Related Transactions" above.

Types of Awards. The Second Amended and Restated Plan permits the issuance of equity-based awards, including options (including stock options that qualify under Section 102 of the Israeli Tax Ordinance (New Version) 1961 (the "Tax Ordinance"), stock options that qualify under Section 3(i) of the Tax Ordinance and stock options that qualify as ISOs for U.S. federal income tax purposes), stock appreciation rights, restricted stock and restricted stock units.

Plan Administration. The Second Amended and Restated Plan will be administered by the Board or the Compensation Committee. The administrator of the Second Amended and Restated Plan has the power and authority to: select the employees, directors and consultants to whom awards will be granted from time to time; determine whether and to what extent awards are granted under the Second Amended and Restated Plan; determine the number of shares or the amount of other consideration to be covered by each award granted thereunder, the exercise price or purchase price of each option or other award, the duration of each award and the times at which each award will become exercisable; approve forms of award agreements for use under the Second Amended and Restated Plan; approve the time or times when options or other awards vest, which may be based on performance criteria and may

include any vesting acceleration or waiver of forfeiture restrictions and any restriction or limitation regarding any award or shares related thereto based in each case on such factors as the administrator, in its sole discretion, determines; subject to certain limitations, amend the terms of any outstanding award granted under the Second Amended and Restated Plan; construe and interpret the terms of the Second Amended and Restated Plan and awards, including without limitation, any notice of award or award agreement, granted pursuant to the Second Amended and Restated Plan; grant awards to employees, directors and consultants employed outside the United States on such terms and conditions different from those specified in the Second Amended and Restated Plan as may, in the judgment of the administrator, be necessary or desirable to further the purpose of the Second Amended and Restated Plan; designate awards as ISOs or non-qualified stock options, or as 102 options (whether through a trustee or not) or 3(i) options subject to the limitations under the Israeli Tax Authorities or any other applicable law and to determine the type and route of Trustee 102 options; determine the fair market value of the shares in accordance with the provisions of the Second Amended and Restated Plan; and take all such other action and make all such other determinations and interpretations, not inconsistent with the terms of the Second Amended and Restated Plan, as the administrator deems appropriate. Except in the case of options, stock appreciation rights and performance-based compensation (as discussed further below), the Board may delegate to officers of the Company, as defined in Section 16 of the Exchange Act of 1934, as amended (the "Exchange Act"), the authority to grant awards to consultants and employees, other than our directors or officers, provided that the Board may limit such authority from time to time.

Eligibility and Limitations on Grants. All employees, directors and consultants of the Company or a subsidiary of the Company are eligible to participate in the Second Amended and Restated Plan subject to the discretion of the administrator. Approximately 20 employees and directors are currently eligible to participate in the Second Amended and Restated Plan. The number of consultants eligible to participate in the Second Amended and Restated Plan fluctuates from time to time. Awards other than ISOs may be granted to employees, directors and consultants. ISOs may be granted only to employees of the Company or a subsidiary of the Company. The maximum number of shares of common stock with respect to which options and stock appreciation rights, and restricted stock and restricted stock units to the extent such awards are performance-based, may be granted to any grantee in any calendar year is 400,000 shares, subject to adjustment as discussed below.

Performance-Based Compensation. To ensure that certain awards of restricted stock or restricted stock units granted under the Second Amended and Restated Plan are fully deductible for U.S. federal income tax purposes in the case of a "covered employee" (as defined in the U.S. Internal Revenue Code (the "Code")), the vesting of such awards may be contingent on the satisfaction of performance goals ("performance-based compensation") in order to qualify the award for the performance-based compensation exception under Section 162(m) of the Code. In the case of performance-based compensation (and with respect to the grant of all options and stock appreciation rights, which are also designed to satisfy the requirements of the performance-based exception), the Second Amended and Restated Plan administrator shall consist of a committee of "outside directors," as defined in Section 162(m) of the Code.

The Second Amended and Restated Plan permits the Compensation Committee to condition vesting on the satisfaction of any one or more of the following performance criteria: (1) increase in share price, (2) earnings per share, (3) total stockholder return, (4) operating margin, (5) gross margin, (6) return on equity, (7) return on assets, (8) return on investment, (9) operating income, (10) net operating income, (11) pre-tax profit, (12) cash flow, (13) revenue, (14) expenses, (15) earnings before interest, taxes and depreciation, (16) economic value added, (17) market share, (18) satisfactory completion of clinical trials or scientific benchmarks and (19) receipt of regulatory approvals. These criteria may be applied to the Company or any subsidiary as a whole, or with respect to a division, operating unit or business segment of the Company or a subsidiary, or any combination of the foregoing. The Compensation Committee must select the particular performance criteria before 25% of the applicable performance period has elapsed (or within 90 days of the date of award), if earlier. The Compensation Committee may make adjustments as necessary to the performance criteria to eliminate the effect on the stated performance goals of unplanned acquisitions or dispositions, changes in foreign exchange rates, discrete tax items identified by the Compensation Committee, changes in accounting standards and variances to planned annual incentive compensation expense.

Stock Options. The administrator may award ISOs, non-qualified stock options, stock options that qualify under Section 102 or Section 3(i) of the Tax Ordinance. The exercise price of stock options awarded under the Second Amended and Restated Plan may not be less than the fair market value per share of the common stock on the

date of the option grant. The administrator will determine at what times and under what conditions options may be exercised, subject to certain provisions in the case of options granted to Israeli grantees.

To qualify as ISOs, stock options must meet additional U.S. federal income tax requirements under the Code, including a \$100,000 limit on the value of shares subject to ISOs that first become exercisable in any one calendar year, a term of 10 years and a shorter term and higher minimum exercise price in the case of certain large stockholders.

Stock options issued under the Second Amended and Restated Plan are designed to satisfy the performance-based exception under Section 162(m) of the Code.

Stock Appreciation Rights. The administrator may award a stock appreciation right independently of a stock option. The administrator may award stock appreciation rights subject to such conditions and restrictions as the administrator may determine, provided that the exercise price may not be less than the fair market value of the common stock on the date of grant and no stock appreciation right may be exercisable more than 10 years after the date of grant. The maximum number of shares of common stock with respect to which stock appreciation rights may be granted to any grantee in any calendar year is 400,000 shares, subject to adjustment as discussed below.

Stock appreciation rights issued under the Second Amended and Restated Plan are designed to satisfy the performance-based exception under Section 162(m) of the Code.

Restricted Stock and Restricted Stock Units. The administrator may award shares of restricted stock or restricted stock units to grantees subject to such conditions and restrictions as the administrator may determine. Restricted stock units are similar to restricted stock except that no shares are actually awarded to the grantee on the grant date. No monetary payment, other than for applicable taxes, is due by the grantee in connection with the grant of restricted stock or issuance of shares in connection with a restricted stock unit, except that the grantee must pay the Company the par value of the restricted stock or the shares of common stock underlying the restricted stock unit. The maximum number of shares of common stock with respect to which restricted stock and restricted stock units may be granted to any grantee in any calendar year is 400,000 shares, subject to adjustment as discussed below.

Tax Withholding. Grantees in the Second Amended and Restated Plan are responsible for the payment of any federal, state or local taxes that the Company is required by law to withhold, including, without limitation, obligations incident to the receipt of shares upon any option exercise or vesting of other awards.

Change of Control Provisions. Unless otherwise set forth in the award agreement, in the event of a “change in control” as defined in the Second Amended and Restated Stock Plan, after the effective date of the Second Amended and Restated Stock Plan, the administrator may, in its sole discretion, provide for the (1) termination of an award upon the consummation of the change in control, but only if such award has vested and been paid out or the holder has been permitted to exercise the option in full for a period of not less than 30 days prior to the change in control, (2) acceleration of all or any portion of an award, (3) payment of an amount (in cash or, in the discretion of the administrator, in the form of consideration paid to shareholders of the Company in connection with such change in control) in exchange for the cancellation of an award and/or (4) issuance of substitute awards that will substantially preserve the otherwise applicable terms of any affected awards previously granted hereunder in a manner complying with Treasury Regulation Section 1.409A-1(b)(5)(v)(D), Treasury Regulation Section 1.424-1, or any applicable successor provisions.

Capitalization Changes. The total number of shares available for award under the Second Amended and Restated Plan, and the annual limit on the number of shares that may be awarded to any grantee in a calendar year, are subject to adjustment pursuant to the terms of the Second Amended and Restated Plan in the case of certain changes in the capital structure of the Company including, such as stock splits, reverse stock splits, stock dividends, combination or reclassifications of shares or similar transactions.

Term. No awards may be granted under the Second Amended and Restated Plan after the 10-year anniversary of the date that our initial 2008 stock incentive plan was approved by the Board, or May 5, 2018.

Amendments. The Board may amend, suspend, or terminate the Second Amended and Restated Plan at any time, subject to the approval of the Company’s stockholders to the extent such approval is required by applicable

laws. Generally, under the NASDAQ rules, all material amendments to the Second Amended and Restated Plan will be subject to approval by our stockholders including: (1) any material increase in the number of shares to be issued under the Second Amended and Restated Plan; (2) any material increase in benefits to grantees under the Second Amended and Restated Plan including any material change to (i) permit a repricing (or decrease in exercise price) of outstanding stock options, (ii) reduce the price at which shares of common stock or stock options may be offered or (iii) extend the duration of the Second Amended and Restated Plan; (3) any material expansion of the class of grantees eligible to participate in the Second Amended and Restated Plan; and (4) any expansion in the types of awards provided under the Second Amended and Restated Plan. Otherwise, the Board may amend or discontinue the Second Amended and Restated Plan at any time, provided that no such amendment may adversely affect the rights under any outstanding award without the holder's consent.

Effective Date of the Second Amended and Restated Plan. On July 12, 2016, the Board approved the Second Amended and Restated Plan, subject to stockholder approval. The Second Amended and Restated Plan will become effective on the date it is approved by the stockholders. If the Second Amended and Restated Plan is not approved by the stockholders, the Existing Plan will continue in effect without the amendment to the Existing Plan and awards may be granted thereunder in accordance with its terms.

New Plan Benefits

If the Second Amended and Restated Plan is approved, the number of options that will be received by or allocated to the Company's employees, directors and consultants is not determinable at this time. For information regarding awards made to our Named Executive Officers under the Existing Plan outstanding as of August 31, 2015, see "Compensation of Executive Officers and Directors—Outstanding Equity Awards at Fiscal Year-End". For information regarding awards made to our directors under the Existing Plan outstanding as of August 31, 2015, and for a description of our compensation program for non-employee directors, see "Compensation of Executive Officers and Directors—Director Compensation."

U.S. Tax Aspects

The following is a summary of the principal U.S. federal income tax consequences of certain transactions under the Second Amended and Restated Plan. It does not describe all federal tax consequences under the Second Amended and Restated Plan nor does it describe state, local or foreign tax consequences.

Incentive Stock Options. Incentive stock options are intended to qualify for treatment as such under Section 422 of the Code. An incentive stock option does not result in taxable income to the optionee or a deduction to us at the time it is granted or exercised, provided that no disposition is made by the optionee of the shares acquired pursuant to the option within two years after the date of grant of the option nor within one year after the date of issuance of shares to the optionee (referred to as the "ISO holding period"). However, the difference between the fair market value of the shares on the date of exercise and the option price will be an item of tax preference includible in "alternative minimum taxable income" of the optionee. Upon disposition of the shares after the expiration of the ISO holding period, the optionee will generally recognize long term capital gain or loss based on the difference between the disposition proceeds and the option price paid for the shares. If the shares are disposed of prior to the expiration of the ISO holding period (referred to as a "disqualifying disposition"), the optionee generally will recognize compensation income, and we will have a corresponding deduction, in the year of the disposition, equal to the excess of the fair market value of the shares on the date of exercise of the option (or the sale price of the shares sold, if less) over the option price. Any additional gain or loss realized on the disposition will be capital gain or loss.

Non-Qualified Stock Options. Options that are not ISOs (designated as such at grant or options that would otherwise have qualified (but in fact fail to qualify) as ISOs, because the aggregate fair market value of shares with respect to which such options are first exercisable by an individual in any calendar year exceeds \$100,000, for example) are considered to be "non-qualified" stock options.

A non-qualified stock option ordinarily will not result in income to the optionee or deduction to us at the time of grant. The optionee will recognize compensation income at the time of exercise of a non-qualified stock option in an amount equal to the excess of the then fair market value of the shares over the option price per share.

Compensation income of optionees will be subject to withholding taxes (if the optionee is an employee), and a deduction will be allowable to us in an amount equal to the optionee's compensation income.

An optionee's initial basis in shares so acquired will be the amount paid on exercise of the non-qualified stock option plus the amount of any corresponding compensation income. Any gain or loss as a result of a subsequent disposition of the shares so acquired will be capital gain or loss (short-term or long-term, as applicable).

Stock Appreciation Rights. A recipient realizes no income upon the grant of a stock appreciation right, but upon its exercise recognizes ordinary compensation income in an amount equal to the cash or cash equivalent that he or she receives at that time. If the recipient receives our shares upon exercise of the stock appreciation right, he or she recognizes ordinary compensation income equal to the fair market value of the shares received (or, if the shares are subject to a substantial risk of forfeiture at the exercise date, at the date or dates on which the risk expires, unless he or she elects to be taxed currently), which is measured by the difference between the base amount set forth in the related agreement and the fair market value of our shares. We are entitled to a tax deduction in the amount of ordinary compensation income recognized. When the stock is subsequently sold, the recipient generally will recognize capital gain or loss (short-term or long-term, as applicable) equal to the difference between the amount realized upon the sale of the shares and his or her tax basis (generally the fair market value of the stock when acquired plus any amount paid).

Stock Grants. With respect to stock grants under our Second Amended and Restated Plan that are made without any restrictions, the grantee must generally recognize compensation income equal to the excess of the fair market value of shares received over the amount paid (if any). We generally will be entitled to a deduction in an amount equal to the compensation income recognized by the grantee.

If a stock grant award is subject to restrictions, the grantee generally will not recognize income at the time of the award, but will instead recognize compensation income equal to the excess of the fair market value of the shares received over the amount paid (if any) when restrictions on transferability or that otherwise constitute a substantial risk of forfeiture lapse. A grantee may elect to be taxed at the time of the receipt of the shares, rather than upon the lapse of restrictions on transferability or substantial risk of forfeiture, but if the grantee subsequently forfeits such shares, the grantee would not be entitled to any tax deduction for the amount of previously recognized compensation income (He or she will be entitled to a capital loss for the amount paid, if any, for the shares). The grantee must file a so-called Section 83(b) election with the Internal Revenue Service within 30 days of the receipt of the shares. We generally will be entitled to a deduction in an amount equal to the compensation income recognized by the grantee.

When the stock is subsequently sold, the recipient generally will recognize capital gain or loss (short-term or long-term, as applicable) equal to the difference between the amount realized upon the sale of the shares and his or her tax basis (generally the amount paid plus any compensation income recognized).

Stock Units. The grantee recognizes no income until the issuance of the shares at vesting. At that time, the grantee must generally recognize compensation income equal to the fair market value of the shares received less the amount paid (if any). We generally will be entitled to a deduction in an amount equal to the compensation income recognized by the grantee.

When the stock is subsequently sold, the grantee generally will recognize capital gain or loss (short-term or long-term, as applicable) equal to the difference between the amount realized upon the sale of the shares and his or her tax basis (generally the amount paid plus any compensation income recognized).

Limitation on the Company's Deductions. As a result of Section 162(m) of the Code, the Company's deduction for certain awards under the Second Amended and Restated Plan may be limited to the extent that the Chief Executive Officer and the three other most highly compensated executive officers, but not including our principal financial officer receive compensation in excess of \$1 million a year (other than performance-based compensation that otherwise meets the requirements of Section 162(m) of the Code). In the case of options and stock appreciation rights, the performance-based exception is satisfied if, in addition to other requirements, the plan under which the option or stock appreciation rights are granted is approved by stockholders, the grants are made by a committee of outside directors and the amount of compensation a person can receive is based solely on an increase in the value of the stock after grant. Other forms of equity awards under the Second Amended and Restated Plan

will be eligible for the performance-based exception, to the extent the stockholders approve the Second Amended and Restated Plan and the Compensation Committee satisfies the applicable requirements such as using performance goals included in the Second Amended and Restated Plan and taking certain actions on a timely basis.

Nevertheless, the deductibility of compensation is but one of the critical factors in the design and implementation of any compensation arrangement, and our Board and Compensation Committee reserve the right to pay non-deductible compensation when appropriate.

Israeli Tax Aspects

The following is a summary of the Israeli income tax consequences of certain transactions under the Second Amended and Restated Plan with regard to the granting of awards, including, stock options, restricted stock and restricted stock units (the “Stock Awards”) to Israeli Stock Award holders. It is general and does not purport to be comprehensive. Generally, the Second Amended and Restated Plan provides for the granting of Stock Awards to employees, directors and consultants under either Section 102 or Section 3(i) of the Tax Ordinance. The Stock Awards granted under the Second Amended and Restated Plan to employees and office holders, who are not controlling shareholders (as defined in the Tax Ordinance) are subject to the “capital gains tax route” under Section 102 of the Tax Ordinance (the “Capital Gains Tax Route”) and the Stock Awards granted to participants in the Second Amended and Restated Plan who do not qualify to receive Stock Awards under the Capital Gains Tax Route, including consultants, service providers and controlling shareholders, are subject to Section 3(i) of the Tax Ordinance.

Stock Awards. The Capital Gains Tax Route generally provides, in connection with Stock Awards, for a reduced tax rate of 25% on gains realized upon the sale of its underlying shares, subject to the fulfillment of certain procedures and conditions including the deposit of such Stock Awards (or shares issued upon their exercise or shares in case that a restricted stock was granted) for a requisite period of time with a trustee approved by the Israeli Tax Authority (currently, 24 months from the date of grant). Notwithstanding the above, in any event where the exercise price of the underlying shares subject to the Stock Awards is less than the fair market value of the underlying shares at the time of grant of the Stock Awards (calculated as the average value of a company's shares on the 30 trading days preceding the date of grant), such amount will be deemed ordinary income of the Stock Award holder, taxed at the applicable marginal tax rate (up to 50% in 2016, i.e. up to 48% marginal tax rate plus 2% surtax, if applies) together with health insurance and social security insurance payments, on the date of sale of the underlying shares and/or the date of the release of such underlying shares from trust. In the event the requirements of Section 102 of the Tax Ordinance for the allocation of Stock Awards according to the Capital Gains Tax Route are not met, the benefit attributed to the Stock Award holder as a result of the grant of such Stock Awards will be taxed as ordinary work income at applicable marginal income tax rates (together with health insurance and social security insurance payments). For as long as the restricted stock or the shares issued upon exercise of Stock Awards are registered in the name of the trustee, the voting rights with respect to such shares will remain with the trustee. Under the Capital Gains Tax Route, a company, or its Israeli subsidiary, as the case may be, is generally not entitled to recognize a deduction for Israeli tax purposes on the gain recognized by the Stock Award holder upon sale of the shares underlying the Stock Awards (except for such amount that will be deemed ordinary income of the Stock Award holder as explained above, provided that such subsidiary reimburses the expenses of the issuing corporation with respect to the grant of Stock Awards to Israeli grantees). The Israeli subsidiary of the Company will be required to withhold applicable tax (and social security and national health insurance charges, if applicable) at source on behalf of the Stock Award holder and may be required to pay social security and national health insurance charges.

Generally, with respect to a holder of a 3(i) Stock Award that is not registered for trade, the taxable event shall take place on the date of exercise of the Stock Award into shares, and the income will be classified as regular employment or work income subject to marginal tax rates (if the participant is an individual) or corporate tax rates (if the participant is a corporation).

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

This section explains the policies and decisions that shape our executive compensation program, including its specific objectives and elements, as it relates to our Named Executive Officers. Our Named Executive Officers for Fiscal 2015 are those four individuals listed in the “Summary Compensation Table” below. The Compensation Committee believes that our executive compensation is appropriately designed to incentivize our Named Executive Officers to work for our long-term prosperity, is reasonable in comparison with the levels of compensation provided by comparable companies and reflects a reasonable cost. We believe our Named Executive Officers are critical to the achievement of our corporate goals, through which we can drive stockholder value.

The Compensation Committee of our Board is comprised solely of independent directors as defined by NASDAQ and non-employee directors as defined by Rule 16b-3 under the Exchange Act. The Compensation Committee has the authority and responsibility to review and approve the compensation of our Chief Executive Officer and other executive officers. Other information concerning the structure, roles and responsibilities of our Compensation Committee is set forth in “Committees—Compensation Committee”.

Our executive compensation program and our Named Executive Officers’ compensation packages are designed around the following objectives:

- attract, hire, and retain talented and experienced executives;
- motivate, reward and retain executives whose knowledge, skills and performance are critical to our success;
- ensure fairness among the executive management team via recognizing the contributions of each executive to our success;
- focus executive behavior on achievement of our corporate objectives and strategy; and
- align the interests of management and stockholders by providing management with longer-term incentives through equity ownership.

The Compensation Committee reviews the allocation of compensation components regularly to ensure alignment with strategic and operating goals, competitive market practices and legislative changes. The Compensation Committee does not apply a specific formula to determine the allocation between cash and non-cash forms of compensation. Certain compensation components, such as base salaries, benefits and perquisites, are intended primarily to attract, hire and retain well-qualified executives. Other compensation elements, such as long-term incentive opportunities, are designed to motivate and reward performance. Long-term incentives are intended to reward Named Executive Officers for our long-term performance and executing our business strategy, and to strongly align Named Executive Officers’ interests with those of stockholders.

With respect to equity compensation, the Compensation Committee makes awards to executives under our Existing Plan. Executive compensation is paid or granted based on such matters as the Compensation Committee deems appropriate, including our financial and operating performance and the alignment of the interests of the executive officers and our stockholders.

Elements of Compensation

Our executive officer compensation program is comprised of: (1) base salary or monthly compensation; (2) discretionary bonus; (3) long-term equity incentive compensation in the form of stock option and RSU grants; and (4) benefits and perquisites.

In establishing overall executive compensation levels and making specific compensation decisions for our Named Executive Officers in Fiscal 2015, the Compensation Committee considered a number of criteria, including

the executive's position, scope of responsibilities, prior base salary and annual incentive awards and expected contribution.

Generally, our Compensation Committee reviews and, as appropriate, approves compensation arrangements for the Named Executive Officers from time to time but not less than once a year. The Compensation Committee also takes into consideration the CEO's recommendations for executive compensation of the other three Named Executive Officers. The CEO generally presents these recommendations at the time of our Compensation Committee's review of executive compensation arrangements.

Base Salary

The Compensation Committee performs a review of base salaries and monthly compensation for our Named Executive Officers from time to time as appropriate. In determining salaries, the Compensation Committee members also take into consideration the scope of the Named Executive Officers' responsibilities and independent third party market data, such as compensation surveys to industry, individual experience and performance and contribution to our clinical, regulatory, commercial and operational performance. None of the factors above has a dominant weight in determining the compensation of our Named Executive Officers, and our Compensation Committee considers the factors as a whole when considering such compensation. In addition, our Compensation Committee uses comparative data regarding compensation paid by peer companies in order to obtain a general understanding of current trends in compensation practices and ranges of amounts being awarded by other public companies, and not as part of an analysis or a formula.

In the fiscal year ended August 31, 2014 ("Fiscal 2014"), for example, we conducted an analysis of salaries and monthly compensation received by our Named Executive Officers' respective counterparts in companies in the biotechnology industry and other comparable companies in Israel and outside of Israel. During Fiscal 2014, the Compensation Committee received consulting services from Brightman Almagor Zohar & Co., a member firm of Deloitte Touche Tohmatsu Limited with regard to management compensation. The Compensation Committee engaged the consultant solely to collect and analyze data regarding management compensation at other companies comparable to the Company. The consultant collected data from companies in the biomed sector that are publicly traded on The NASDAQ Stock Market, in the biomed sector and having similar (within 50%) market cap, total assets, total revenue, net income, and/or location of operations (in Israel) to the Company. The comparable companies that were chosen by the consultants were Amicus Therapeutics, Inc.; Columbia Laboratories Inc.; Enxo Biochem, Inc.; Navidea Biopharmaceuticals Inc.; Pluristem Therapeutics Inc.; Rexhan Pharmaceuticals, Inc.; Sorrento Therapeutics, Inc.; Stemline Therapeutics, Inc.; and Synergy Pharmaceuticals Inc. The Compensation Committee looked at the fixed and variable compensation of each of the comparable Named Executive Officers and for directors. The Compensation Committee did not receive any executive compensation consulting services in Fiscal 2015.

We believe that a competitive base salary and monthly compensation is a necessary element of any compensation program that is designed to attract and retain talented and experienced executives. We also believe that attractive base salaries can motivate and reward executives for their overall performance. Base salary and monthly compensation are established in part based on the individual experience, skills and expected contributions to our performance, as well as such executive's performance during the prior year. Generally, we believe that executives' base salaries should be targeted near the median of the range of salaries for executives in similar positions with similar responsibilities, experience and performance at comparable companies. Compensation adjustments are made occasionally based on changes in an executive's level of responsibility, company progress or on changed local and specific executive employment market conditions.

In Fiscal 2015, following two years in which the base salaries of our Named Executive Officers were not changed, our Compensation Committee decided to increase our Named Executive Officers' base salaries by six percent, as the members of our Compensation Committee deemed this to be a reasonable rate in the pharmaceuticals industry based on their experience. In Fiscal 2014 our Named Executive Officers' salaries and monthly compensation did not change from the previous year as we believe they fell within the range of salaries received by our Named Executive Officers' respective counterparts in companies in the biotechnology industry and other comparable companies in Israel.

Performance Based Bonus

Our Named Executive Officers are eligible to receive discretionary annual bonuses based upon performance. The amount of annual bonus to our Named Executive Officers is based on various factors, including, among others, the achievement of scientific and business goals and our financial and operational performance. The Compensation Committee takes into account the overall performance of the individuals as well as the overall performance of the Company over the period being reviewed and recommendation of management. For any given year, the compensation objectives vary, but relate generally to strategic factors such as developments in our clinical path, the execution of a license agreement for the commercialization of product candidates, the establishment of key strategic collaborations, the build-up of our pipeline and financial factors such as capital raising. Bonuses are awarded generally based on corporate performance, with adjustments made within a range for individual performance, at the discretion of the Compensation Committee. The Compensation Committee determines, on a discretionary basis, the size of the entire bonus pool and the amount of the actual award to each Named Executive Officer. The overall payment is also based on historic compensation of the Named Executive Officers.

The Compensation Committee selects, in its discretion, the Named Executive Officers of our Company or our subsidiary who are eligible to receive bonuses for any given year. Any bonus granted by the Compensation Committee will generally be paid upon the achievement of a specific milestone, subject to certain terms and conditions. The Compensation Committee has not fixed a minimum or maximum award for any executive officer's annual discretionary bonus. Each of our Named Executive Officers is eligible for a discretionary annual bonus under his or her employment agreement.

The Performance Bonus plan is designed to provide cash bonuses based on our company's achievement of what we consider to be major milestones. The amounts payable to each person for each milestone are determined after consideration of both personal and company objectives. Each bonus is payable upon the achievement of the applicable milestone, subject to certain terms and conditions.

We believe that annual bonuses payable based on the achievement of short-term corporate goals incentivize our Named Executive Officers to create stockholder value and attain short-term performance objectives.

Long-term Equity Incentive Compensation

Long-term incentive compensation allows the Named Executive Officers to share in any appreciation in the value of our common stock. The Compensation Committee believes that stock participation aligns executive officers' interests with those of our stockholders. Equity incentive awards are generally made at the commencement of employment and following a significant change in job responsibilities, or to meet other special retention or performance objectives. The amounts of the awards are designed to reward past performance and create incentives to meet long-term objectives. Awards are made at a level expected to be competitive within the biotechnology industry, as well as with Israeli-based companies. Awards are made on a discretionary basis and not pursuant to specific criteria set out in advance. In determining the amount of each grant, the Compensation Committee also takes into account the number of shares held by the executive prior to the grant. The vesting schedule for Named Executive Officers is based on monthly installments for periods of no longer than three years. The Compensation Committee believes that time-based vesting encourages recipients to build stockholder value over a long period of time.

RSU awards provide our Named Executive Officers with the right to purchase shares of our common stock at a par value of \$0.012, subject to continued employment with our company. In November 2014, the Compensation Committee awarded RSUs for the first time and again awarded RSUs in February 2015. We chose to grant RSU awards and not options because RSU awards, once vested, always have an immediate financial value to the holder thereof, unlike options where the exercise price might be above the current market price of the shares and therefore not have any intrinsic value to the holder thereof. In addition, because vested RSU awards always have financial value, as opposed to options, we were able to limit the number of securities issued to our Named Executive Officers and other employees, directors and consultants. RSUs generally vest over a period of no longer than two years. The Compensation Committee believes that time-based vesting encourages recipients to build stockholder value over a long period of time.

Benefits and Perquisites

Generally, benefits available to Named Executive Officers are available to all employees on similar terms and include welfare benefits, paid time-off, life and disability insurance and other customary or mandatory social benefits in Israel. We provide our Named Executive Officers with a phone and a company car which are customary benefits in Israel to managers and officers.

We do not believe that the benefits and perquisites described above deviate materially from the customary practice for compensation of executive officers by other companies similar in size and stage of development in Israel. These benefits represent a relatively small portion of the executive officers' total compensation.

Say-on-Pay Vote

Our stockholders approved, on an advisory basis, our executive compensation program at our annual meeting of our stockholders held on July 23, 2014. We did not seek or receive any specific feedback from our stockholders concerning our executive compensation program during the past fiscal year. The Compensation Committee did not specifically rely on the results of the prior vote in making any compensation-related decisions during Fiscal 2015.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with our management and, based on such review and discussions, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in the Annual Report and in this proxy statement.

Once appointed, such Committee or Officer shall continue to serve in its/his/her designated capacity until otherwise directed by the Board.

(b) Powers of the Administrator. Subject to Applicable Laws and the provisions of the Plan (including any other powers given to the Administrator hereunder), and except as otherwise provided by the Board, the Administrator shall have the authority, in its discretion:

(i) to select the Employees, Directors, and Consultants to whom Awards may be granted from time to time hereunder;

(iii) to determine the number of Shares or the amount of other consideration to be covered by each Award granted hereunder, the exercise price or purchase price of each Option or other Award, the duration of each Award, and the times at which each Award shall become exercisable;

(iv) to approve forms of Award Agreements for use under the Plan;

(v) to determine the terms and conditions of any Award granted hereunder, including but not limited to: the exercise price, the time or times when Options may be exercised or other Awards vest (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Award or Shares related thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine;

(vi) to amend the terms of any outstanding Award granted under the Plan, provided that any amendment that would adversely affect the Grantee’s rights under an outstanding Award shall not be made without the Grantee’s written consent; provided, however, that an amendment or modification that may cause an Incentive Stock Option to become a Non-qualified Stock Option shall not be treated as adversely affecting the rights of the Grantee. The reduction of the exercise price of any Option awarded under the Plan and the base appreciation amount of any SAR awarded under the Plan shall not be subject to stockholder approval and canceling an Option or SAR at a time when its exercise price or base appreciation amount (as applicable) exceeds the Fair Market Value of the underlying Shares, in exchange for another Option, SAR, Restricted Stock, or other Award shall not be subject to stockholder approval and shall be at the discretion of the Administrator;

(vii) to construe and interpret the terms of the Plan and Awards, including without limitation, any notice of award or Award Agreement, granted pursuant to the Plan;

(viii) to grant Awards to Employees, Directors, and Consultants employed outside the United States on such terms and conditions different from those specified in the Plan as may, in the judgment of the Administrator, be necessary or desirable to further the purpose of the Plan;

(ix) to designate Awards as Incentive Stock Options or Non-qualified Stock Options, or as 102 Options (whether through a trustee or not) or 3(i) Options subject to the limitations under the ITA or any other Applicable Law and to determine the type and route of the Trustee 102 Options;

(x) to determine the Fair Market Value of the Shares in accordance with the provisions of the Plan; and

(xi) to take all such other action and make all such other determinations and interpretations, not inconsistent with the terms of the Plan, as the Administrator deems appropriate.

(c) Extent and Effect of Administrator's Determinations. The express grant in the Plan of any specific power to the Administrator shall not be construed as limiting any power or authority of the Administrator; provided, however, that the Administrator may not exercise any right or power reserved to the Board. Any decision made, or action taken, by the Administrator or in connection with the administration of this Plan shall be final, conclusive, and binding on all persons having an interest in the Plan.

(d) Indemnification. In addition to such other rights of indemnification as they may have as members of the Board or as Officers or Employees of the Company or a Related Entity, the Administrator shall be defended and indemnified by the Company to the extent permitted by law against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any claim, investigation, action, suit, or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any Award granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by the Company) or paid by them in satisfaction of a judgment in any such claim, investigation, action, suit, or proceeding, except in relation to matters as to which it shall be adjudged in such claim, investigation, action, suit, or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct; provided, however, that within fifteen (15) days after the institution of such claim, investigation, action, suit, or proceeding, such person shall offer to the Company, in writing, the opportunity at the Company's expense to defend the same.

5. Eligibility. Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants. Incentive Stock Options may be granted only to Employees of the Company or a Parent or a Subsidiary of the Company. An Employee, Director or Consultant who has been granted an Award may, if otherwise eligible, be granted additional Awards. Awards may be granted to such Employees, Directors or Consultants who are residing in non-U.S. jurisdictions as the Administrator may determine from time to time; provided, however, that Awards to Israeli Grantees under Section 102 or Section 3(i) of the Tax Ordinance shall be subject to Section 20 below.

6. Types, Terms, Conditions, and Limitations of Awards.

(a) Types of Awards. The Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) cash or (iii) an Option, a SAR, or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions. Such awards include, without limitation, Options, SARs, sales or bonuses of Restricted Stock, or Restricted Stock Units, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

(b) Designation of Award. Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-qualified Stock Option and with respect to Israeli Grantees may be further designated as 102 Options or 3(i) Options under the Tax Ordinance subject to the qualifications described in Section 20 below. However, notwithstanding such designation, an Option will qualify as an Incentive Stock Option under the Code only to the extent the \$100,000 dollar limitation of Section 422(d) of the Code is not exceeded. The \$100,000 limitation of Section 422(d) of the Code is calculated based on the aggregate Fair Market Value of the Shares subject to Options designated as Incentive Stock Options which

become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company). For purposes of this calculation, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the grant date of the relevant Option.

(c) Conditions of Award. Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any performance criteria.

(d) Additional Conditions for Performance-Based Awards. The performance criteria established by the Administrator may be based on any one of, or combination of, the following: (i) increase in share price, (ii) earnings per share, (iii) total stockholder return, (iv) operating margin, (v) gross margin, (vi) return on equity, (vii) return on assets, (viii) return on investment, (ix) operating income, (x) net operating income, (xi) pre-tax profit, (xii) cash flow, (xiii) revenue, (xiv) expenses, (xv) earnings before interest, taxes and depreciation, (xvi) economic value added, (xvii) market share, (xviii) satisfactory completion of clinical trials or scientific benchmarks, and (xix) receipt of regulatory approvals. Such criteria shall be established before 25% of the applicable performance period has elapsed (or within 90 days of a grant date, if earlier). The performance criteria may be applicable to the Company, Related Entities, and/or any individual business units of the Company or any Related Entity.

The extent to which performance criteria are met will be determined solely and in writing by the Administrator and partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement.

The Committee shall make adjustments as necessary to eliminate the effect on the stated performance criteria of unplanned acquisitions or dispositions, changes in foreign exchange rates, discrete tax items identified by the Administrator, changes in accounting standards, and variances to planned annual incentive compensation expense.

(e) Date of Grant. The date of grant of an Award shall be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination shall be provided to each Grantee within a reasonable time after the date of such grant. Notwithstanding anything in the Plan to the contrary, if any Award under this Plan is made to a person subject to taxation in the United States, the date of grant of such Award shall be the date when the Company completes the corporate action necessary to create the legally binding right constituting the Award.

(f) Individual Limitations on Awards.

(i) Individual Limit for Options and SARs. The maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any calendar year shall be 400,000 Shares. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitations with respect to a Grantee, if any Option or SAR is canceled, the canceled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Grantee. For this purpose, the repricing of an Option (or in the case of a SAR, the base amount on which the stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

(ii) Individual Limit for Restricted Stock and Restricted Stock Units. For awards of Restricted Stock and Restricted Stock Units that are intended to be Performance-Based Compensation, the maximum number of Shares with respect to which such Awards may be granted to any Grantee in any calendar year shall be 400,000 Shares. The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below.

(iii) Deferral. If the vesting or receipt of Shares under an Award is deferred to a later date, any amount (whether denominated in Shares or cash) paid in addition to the original number of Shares subject to such Award will not be treated as an increase in the number of Shares subject to the Award if the additional amount is based either on a reasonable rate of interest or on one or more predetermined actual investments such that the

amount payable by the Company at the later date will be based on the actual rate of return of a specific investment (including any decrease as well as any increase in the value of an investment).

(g) Early Exercise. The Award Agreement may, but need not, include a provision whereby the Grantee may elect at any time while an Employee, Director, or Consultant to exercise any part or all of the Award prior to full vesting of the Award. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Administrator determines to be appropriate.

(h) Term of Award. The term of each Award shall be the term stated in the Award Agreement; provided, however, that the term of an Incentive Stock Option shall be no more than ten (10) years from the date of grant thereof. However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Award Agreement.

(i) Transferability of Awards. Incentive Stock Options or Awards to Israeli Grantees may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee. Other Awards shall be transferable (i) by will and by the laws of descent and distribution and (ii) during the lifetime of the Grantee, to the extent and in the manner authorized by the Administrator. Notwithstanding the foregoing, the Grantee (other than an Israeli Grantee) may designate one or more beneficiaries of the Grantee's Award in the event of the Grantee's death on a beneficiary designation form provided by the Administrator.

7. Award Exercise or Purchase Price, Consideration, and Taxes.

(a) Exercise or Purchase Price. The exercise or purchase price, if any, for an Award shall be as follows:

(i) In the case of an Incentive Stock Option:

(1) granted to an Employee who, at the time of the grant of such Incentive Stock Option owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the per Share exercise price shall be not less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant; or

(2) granted to any Employee other than an Employee described in the preceding paragraph, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(ii) In the case of Options and SARs intended to qualify as Performance-Based Compensation, the exercise or purchase price, if any, shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iii) In the case of other Awards, such price as is determined by the Administrator.

(b) Consideration. Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise or purchase of an Award including the method of payment, shall be determined by the Administrator. In addition to any other types of consideration the Administrator may determine, the Administrator is authorized to accept as consideration for Shares issued under the Plan the following:

(i) cash;

(ii) check;

(iii) surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Award shall be exercised;

(iv) with respect to Options, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction; or

(v) with respect to Options, payment through a “net exercise” such that, without the payment of any funds, the Grantee may exercise the Option and receive the net number of Shares equal to (i) the number of Shares as to which the Option is being exercised, multiplied by (ii) a fraction, the numerator of which is the Fair Market Value per Share (on such date as is determined by the Administrator) less the Exercise Price per Share, and the denominator of which is such Fair Market Value per Share (the number of net Shares to be received shall be rounded down to the nearest whole number of Shares);

(vi) any combination of the foregoing methods of payment.

The Administrator may at any time or from time to time, by adoption of or by amendment to the standard forms of Award Agreement described in Section 4(b), or by other means, grant Awards which do not permit all of the foregoing forms of consideration to be used in payment for the Shares or which otherwise restrict one or more forms of consideration.

(c) Taxes. No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any non-U.S., federal, state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares. Upon exercise or vesting of an Award the Company shall withhold or collect from the Grantee an amount sufficient to satisfy such tax obligations, including, but not limited to, by surrender of the whole number of Shares covered by the Award sufficient to satisfy the minimum applicable tax withholding obligations incident to the exercise or vesting of an Award.

8. Exercise of Award.

(a) Procedure for Exercise; Rights as a Stockholder.

(i) Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Award Agreement; provided, however, that the standard vesting schedule for Israeli Grantees shall be as set forth in Section 20.

(ii) An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is exercised has been made, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 7(b).

(b) No Rights as Shareholder. The holder of an Option shall have none of the rights of a stockholder with respect to the Shares subject to the Option until such shares are transferred to the holder (or the Trustee, if applicable) upon the exercise of the Option.

(c) Conditions Upon Issuance of Shares.

(i) Legal Compliance. Shares shall not be issued pursuant to the exercise of an Award unless the exercise of the Award or the issuance and delivery of such Shares or consideration in lieu of Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance. If at any time the Administrator determines that the delivery of Shares pursuant to the exercise, vesting, or any other provision of an Award is or may be unlawful under Applicable Laws, the vesting or right to exercise an Award or to otherwise receive Shares pursuant to the terms of an Award shall be suspended until the Administrator determines that such delivery is lawful and shall be further subject to the approval of counsel for the Company with respect to such compliance. The Company shall have no obligation to effect any registration or qualification of the Shares under federal or state laws or other Applicable Laws.

(ii) Investment Representations. As a condition to the exercise of an Award, the Company may require the person exercising such Award make such representations and warranties which, in the opinion of the Company, are required to ensure that such exercise, or a subsequent sale or disposition of any Shares obtained upon such exercise, does not contravene any Applicable Law, including inter alia, representations and warranties at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.

(iii) Restrictions. Unless otherwise set forth in an Award Agreement, Shares issued to a Grantee or the Trustee, as applicable, shall be subject to such restrictions as required by the appropriate securities law and in the event that the Company's shares shall be registered for trading in any public market, Grantee's rights to sell the Shares may be subject to certain limitations (including a lock-up period), as will be requested by the Company or its underwriters, and the Grantee by executing an Award Agreement unconditionally agrees and accepts any such limitations and undertakes to further execute any agreement as may be requested by the Company or its underwriters from time to time.

(d) No Fractional Shares. Only whole Shares may be issued pursuant to the exercise of an Option or other Award, and to the extent that an Option or other Award covers less than one (1) Share, it is non exercisable.

9. Termination, Death, Disability of Grantee.

(a) Exercise of Award Following Termination of Continuous Service. In the event of termination of a Grantee's Continuous Service for any reason other than Cause, Disability, or death, such Grantee may, but only within three (3) months from the date of such termination (or such longer or shorter period as specified in the Award Agreement but in no event later than the expiration date of the term of such Award as set forth in the Award Agreement), exercise the portion of the Grantee's Award that was vested at the date of such termination or such other portion of the Grantee's Award as may be determined by the Administrator. To the extent that the Grantee's Award was unvested at the date of termination, or if Grantee does not exercise the vested portion of the Grantee's Award within the time specified herein, the Award shall terminate.

(b) Termination of Continuous Service for Cause. In the event of termination of a Grantee's Continuous Service for Cause, the unvested portion of the Grantee's Award and, to the extent not previously exercised, the vested portion of the Grantee's Award, shall terminate.

(c) Disability of Grantee. In the event of termination of a Grantee's Continuous Service as a result of his or her Disability, such Grantee may, but only within twelve (12) months from the date of such termination (or such longer or shorter period as specified in the Award Agreement but in no event later than the expiration date of the term of such Award as set forth in the Award Agreement), exercise the portion of the Grantee's Award that was vested at the date of such termination or such other portion of the Grantee's Award as may be determined by the Administrator. To the extent that the Grantee's Award was unvested at the date of termination, or if Grantee does not exercise the vested portion of the Grantee's Award within the time specified herein, the Award shall terminate.

(d) Death of Grantee. In the event of a termination of the Grantee's Continuous Service as a result of his or her death, or in the event of the death of the Grantee during the post- termination exercise periods following the Grantee's termination of Continuous Service specified in this Section 9, above, the Grantee's estate or a person who acquired the right to exercise the Award by bequest or inheritance may exercise the portion of the Grantee's Award that was vested as of the date of termination or such other portion of the Grantee's Award as may be determined by the Administrator, within twelve (12) months from the date of death (or such longer or shorter period as specified in the Award Agreement but in no event later than the expiration of the term of such Award as set forth in the Award Agreement). To the extent that, at the time of death, the Grantee's Award was unvested, or if the Grantee's estate or a person who acquired the right to exercise the Award by bequest or inheritance does not exercise the vested portion of the Grantee's Award within the time specified herein, the Award shall terminate.

9A. Restricted Stock.

9A.1 Restricted Stock Awards may be granted upon such terms and conditions as the Administrator shall determine.

9A.2 Purchase Price. No monetary payment (other than payments made for applicable taxes) shall be required as a condition of receiving Shares pursuant to a grant of Restricted Stock. Notwithstanding the foregoing, the Grantee shall furnish consideration in the form of cash having a value not less than the par value of the Shares subject to an award of Restricted Stock. The Board, in its sole discretion, shall determine procedures from time to time for payment of such par value by the Grantee or for collection of such amount from the Grantee by the Company. However, the Company shall have the full authority in its discretion to determine at any time that said par value shall not be paid and that the Company shall take any action to ensure that it meets any requirement of Applicable Laws regarding issuance of Shares for consideration that is lower than the par value of such Shares.

9A.3 Vesting and Restrictions on Transfer. Shares issued pursuant to any Restricted Stock Award may (but need not) be made subject to exercise conditions as described herein, as shall be established by the Administrator and set forth in the applicable Award Agreement evidencing such Award. During any restriction period in which Shares acquired pursuant to an award of Restricted Stock remain subject to exercise conditions, such Shares may not be sold, exchanged, transferred, pledged, assigned, or otherwise disposed of unless otherwise provided in the Plan or any Award Agreement. Upon request by the Company, each Grantee shall execute any agreement evidencing such transfer restrictions prior to the receipt of Shares hereunder and the Company may place appropriate legends evidencing any such transfer restrictions on the relevant share certificates.

9A.4 Voting Rights; Dividends and Distributions. Except as provided in this section and in any Award Agreement, during any restriction period applicable to Shares subject to an award of Restricted Stock, the Grantee shall have all of the rights of a shareholder of the Company holding Shares, including the right to receive all dividends and other distributions paid with respect to such Shares. However, in the event of a dividend or distribution paid in Shares or other property or any other adjustment made upon a change in the capital structure of the Company as described in Sections 10 and 11 below, any and all new, substituted, or additional securities or other property (other than normal cash dividends) to which the Grantee is entitled by reason of the Grantee's award of Restricted Stock shall be immediately subject to the same exercise conditions as the Shares subject to the award of Restricted Stock with respect to which such dividends or distributions were paid or adjustments were made.

9A.5 Termination of Continuous Service. Unless otherwise provided by the Administrator, in the event of termination of Continuous Service of a Grantee, for any reason, whether voluntary or involuntary (including the Grantee's death or disability), then the Grantee shall forfeit to the Company any Shares acquired by the Grantee pursuant to an Award of Restricted Stock which remain subject to exercise or transfer conditions as of the date of such termination.

9A.6 All other terms and conditions of the Plan applicable to Options, shall apply to Restricted Stock, *mutatis mutandis*. It is clarified that without deviating from the foregoing in Sub-Section 9A.5, the provisions of Section 9 herein, shall, *mutatis mutandis*, apply to Restricted Stock in the event of termination of Continuous Service of a Grantee.

9B. Restricted Share Units.

9B.1 Subject to the sole and absolute discretion and determination of the Administrator, the Administrator may decide to grant under the Plan Restricted Share Units. A RSU is a right to receive a Share of the Company, under certain terms and conditions, for a consideration of no more than the underlying Share's par value. Upon the lapse of any applicable conditions (for example, a vesting period) of a RSU, such RSU shall automatically vest into a Share of the Company (subject to adjustments under Sections 10 and 11 herein) and the Grantee shall pay to the Company its par value. The Board, in its sole discretion, shall determine procedures from time to time for payment of such par value by the Grantee or for collection of such amount from the Grantee by the Company. However, the Company shall have the full authority in its discretion to determine at any time that said nominal value shall not be paid and that the Company shall capitalize applicable profits or take any other action to ensure that it meets any requirement of applicable laws regarding issuance of Shares for consideration that is lower than the nominal value of such Shares.

9B.2 Unless determined otherwise by the Administrator, in the event of termination of Continuous Service of a Grantee, all RSUs theretofore granted to such Grantee that are not vested on the termination date shall terminate immediately and have no legal effect.

9B.3 All other terms and conditions of the Plan applicable to Options, shall apply to RSUs, *mutatis mutandis*. It is clarified, that without deviating from the foregoing in Sub-Section 9B.2, the provisions of Section 9 herein, shall, *mutatis mutandis*, apply to RSUs in the event of termination of continuous service of a Grantee.

10. Adjustments Upon Changes in Capitalization. Subject to any required action by the stockholders of the Company, the number of Shares covered by each outstanding Award, and the number of Shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan, the exercise or purchase price of each such outstanding Award, the maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any calendar year, as well as any other terms that the Administrator determines require adjustment shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Shares, or similar transaction affecting the Shares, or any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been “effected without receipt of consideration.” In connection with the foregoing adjustments, the Administrator may, in its discretion, prohibit the exercise of Awards during certain periods of time. Except as the Administrator determines, no issuance by the Company of shares of any class, or securities convertible into shares of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Award. Adjustments shall be made by the Administrator, whose determination in that respect shall be final, conclusive and binding.

11. Adjustments Upon Change in Control.

(a) Unless otherwise set forth in the Award Agreement, in the event of a Change in Control after the effective date of the Plan, the Committee or the Board may, in its sole discretion, provide for the (i) termination of an Award upon the consummation of the Change in Control, but only if such Award has vested and been paid out or the Grantee has been permitted to exercise the Option in full for a period of not less than thirty (30) days prior to the Change in Control, (ii) acceleration of all or any portion of an Award, (iii) payment of an amount (in cash or, in the discretion of the Committee or the Board, in the form of consideration paid to shareholders of the Company in connection with such Change in Control) in exchange for the cancellation of an Award, which, in the case of Options and SARs, shall equal the excess, if any, of the Fair Market Value of the Shares subject to such Options or SARs over the aggregate exercise price or grant price of such Option or SAR, and/or (iv) issuance of substitute Awards that will substantially preserve the otherwise applicable terms of any affected Awards previously granted hereunder in a manner complying with Treasury Regulation Section 1.409A-1(b)(5)(v)(D), Treasury Regulation Section 1.424-1, or any applicable successor provisions.

(b) In the event of any adjustment in the number of Shares covered by any Award, any fractional shares resulting from such adjustment shall be disregarded and each such Award shall cover only the number of full shares resulting from such adjustment.

(c) All adjustments pursuant to Section 11 shall be made by the Administrator, and its determination as to what adjustments shall be made, and the extent thereof, shall be final, binding, and conclusive.

12. Effective Date and Term of Plan. The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company. It shall continue in effect for a term of ten (10) years unless sooner terminated. Subject to Section 17, below, and Applicable Laws, Awards may be granted under the Plan upon its becoming effective. In the case of Israeli Grantees, 102 Options will be granted only after the lapse of at least thirty (30) days following the date in which the Plan and the relevant forms will be submitted to the tax authorities.

13. Amendment, Suspension or Termination of the Plan.

(a) The Board may at any time amend, suspend, or terminate the Plan; provided, however, that no such amendment shall be made without the approval of the Company’s stockholders to the extent such approval is required by Applicable Laws, or if such amendment would lessen the stockholder approval requirements of Section 4(b) or this Section 13(a).

(b) No Award may be granted during any suspension of the Plan or after termination of the Plan.

(c) No amendment, alteration, suspension, or termination of the Plan (except as provided herein) shall adversely affect any rights under Awards already granted to a Grantee, unless mutually agreed otherwise between the Grantee and the Administrator, which agreement must be in writing or electronic format and signed by the Grantee and the Company.

(d) The Board or the Committee may from time to time amend, suspend, or terminate in whole or in part, and if suspended or terminated, may reinstate, any or all of the provisions of the Plan. Notwithstanding the foregoing, no amendment shall be effective without Board and/or shareholder approval if such approval is necessary to comply with the applicable provisions of Section 162(m) of the Code. To the extent applicable, it is intended that the Plan and all Awards hereunder comply with the requirements of Section 409A of the Code, and the Plan and all Award Agreements shall be interpreted and applied by the Committee in a manner consistent with this intent in order to avoid the imposition of any additional tax under Section 409A of the Code. In the event that any provision of the Plan or an Award Agreement is determined by the Committee to not comply with the applicable requirements of Section 409A of the Code, the Committee shall have the authority to take such actions and to make such changes to the Plan or an Award Agreement as the Committee deems necessary to comply with such requirements, provided that no such action shall adversely affect any outstanding Award without the consent of the affected Grantee. Notwithstanding the foregoing or anything elsewhere in the Plan or an Award Agreement to the contrary, if a Grantee is a "specified employee" as defined in Section 409A of the Code at the time of termination of Continuous Service with respect to an Award, then solely to the extent necessary to avoid the imposition of any additional tax under Section 409A of the Code in respect of Awards that are deferred compensation for purposes of such Section 409A, the commencement of any payments or benefits under the Award shall be deferred until the date that is six months following the Grantee's separation from service (or such other period as required to comply with Section 409A).

14. Reservation of Shares. The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

15. Liability of the Company.

(a) Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

(b) Grants Exceeding Allotted Shares. If the Shares covered by an Award exceed, as of the date of grant, the number of Shares which may be issued under the Plan without additional shareholder approval, such Award shall be void with respect to such excess awarded Shares, unless shareholder approval of an amendment sufficiently increasing the number of Shares subject to the Plan is timely obtained in accordance with the Plan.

16. No Effect on Terms of Employment/Consulting Relationship or Retirement Plans.

(a) No Effect on Terms of Employment/Consulting Relationship. The Plan shall not confer upon any Grantee any right with respect to the Grantee's Continuous Service, nor shall it interfere in any way with his or her right or the right of the Company or any Related Entity to terminate the Grantee's Continuous Service at any time, with or without Cause, and with or without notice. The ability of the Company or any Related Entity to terminate the employment of a Grantee who is employed at will is in no way affected by its determination that the Grantee's Continuous Service has been terminated for Cause for the purposes of this Plan.

(b) No Effect on Retirement and Other Benefit Plans. Except as specifically provided in a retirement or other benefit plan of the Company or a Related Entity, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or a Related Entity, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a "Pension Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.

17. Stockholder Approval. The grant of Incentive Stock Options under the Plan shall be subject to approval by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted excluding Incentive Stock Options issued in substitution for outstanding Incentive Stock Options pursuant to Section 424(a) of the Code. Such stockholder approval shall be obtained in the degree and manner required under Applicable Laws.

The Administrator may grant Incentive Stock Options under the Plan prior to approval by the stockholders, but until such approval is obtained, no such Incentive Stock Option shall be exercisable. In the event that stockholder approval is not obtained within the twelve (12) month period provided above, all Incentive Stock Options previously granted under the Plan shall be exercisable as Non-qualified Stock Options.

18. Unfunded Obligation. Grantees shall have the status of general unsecured creditors of the Company. Any amounts payable to Grantees pursuant to the Plan shall be unfunded and unsecured obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974, as amended. Neither the Company nor any Related Entity shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Grantee account shall not create or constitute a trust or fiduciary relationship between the Administrator, the Company or any Related Entity and a Grantee, or otherwise create any vested or beneficial interest in any Grantee or the Grantee's creditors in any assets of the Company or a Related Entity. The Grantees shall have no claim against the Company or any Related Entity for any changes in the value of any assets that may be invested or reinvested by the Company with respect to the Plan.

19. Construction. Captions and titles contained herein are for convenience only and shall not affect the meaning or interpretation of any provision of the Plan. Except when otherwise indicated by the context, the singular shall include the plural and the plural shall include the singular. Use of the term "or" is not intended to be exclusive, unless the context clearly requires otherwise.

20. Israeli Grantees. This Section shall apply only to Israeli Grantees and is intended to enable the Company to grant Awards under the Plan pursuant and subject to Section 102 and Section 3(i) of the Tax Ordinance. Accordingly, the Plan is designated to comply with the Tax Ordinance and the rules, regulations and orders or procedures promulgated thereunder from time to time, as amended or replaced from time to time, and shall be submitted to the ITA as required thereunder.

In any case of contradiction, whether explicit or implied, between the provisions of this Section and the Plan, the provisions set out in this Section shall prevail unless the Administrator decides otherwise to ensure compliance with the Tax Ordinance and other Applicable Laws.

(a) Eligibility. 102 Options may be granted only to Israeli Employees. Non-Employees may only be granted 3(i) Options. The grant of an Award hereunder shall neither entitle the Grantee to participate nor disqualify the Israeli Grantee from participating in any other grant of Awards pursuant to the Plan or any other option or stock plan of the Company or any Related Company.

(b) Grant of Awards in Trust.

(i) Grants Made Under Section 102.

(1) The Company may designate 102 Options as Trustee 102 Options or Non-Trustee 102 Options. The designation of Non-Trustee 102 Options and Trustee 102 Options shall be subject to the terms and conditions set forth in Section 102 of the Tax Ordinance and the regulations promulgated thereunder.

(ii) Grant of Trustee 102 Options.

(1) The grant of the Trustee 102 Options shall be made under the Plan and shall be conditional upon the approval of the Plan by the ITA. Trustee 102 Options may be granted at any time after the passage of thirty (30) days following the delivery by the Company to the ITA of a notice pertaining to the appointment of the Trustee and the adoption of the Plan, unless otherwise determined by the ITA. 102 Options which shall be granted pursuant to Section 102 and/or any Shares issued upon exercise or vesting of such Awards, as the case may be, and/or other shares received subsequently following any realization of rights, shall be issued to the Trustee. Each Israeli Grantee in respect of whom a Trustee 102 Option is granted and held in trust by the Trustee shall be referred to as a "beneficial optionee" hereunder.

(2) Trustee 102 Option(s) may either be classified as Capital Gain Option(s) or Ordinary Income Option(s):

a. Trustee 102 Option(s) elected and designated by the Company to qualify under the capital gain tax treatment in accordance with the provisions of Section 102(b)(2) shall be referred to herein as “Capital Gain Option(s)” or “CGO.”

b. Trustee 102 Option(s) elected and designated by the Company to qualify under the ordinary income tax treatment in accordance with the provisions of Section 102(b)(1) shall be referred to herein as “Ordinary Income Option(s)” or “OIO.”

(3) The Company’s election of the type of Trustee 102 Options as CGO or OIO granted to Employees (the “Election”) shall be appropriately filed with the ITA thirty (30) days before the date of grant of a Trustee 102 Option, unless otherwise determined by the ITA. Such Election shall become effective beginning the first date of grant of a Trustee 102 Option under this Plan and shall remain in effect until the end of the year following the year during which the Company first granted Trustee 102 Options. The Election shall obligate the Company to grant only the type of Trustee 102 Option it has elected, and shall apply to all Israeli Grantees who were granted Trustee 102 Options during the period indicated herein or therein, all in accordance with the provisions of Section 102(g) of the Tax Ordinance. Notwithstanding, such Election shall not prevent the Company from granting Non-Trustee 102 Options simultaneously.

(4) All Trustee 102 Options must be held in trust by and issued on the name of the Trustee, as described below.

(5) With respect to Trustee 102 Options, the provisions of the Plan and/or an Award Agreement shall be subject to the provisions of Section 102 and the ITA’s permit, and the said provisions and permit shall be deemed an integral part of this Section and of the Award Agreement for the respective Grantees thereof. Any provision of Section 102 and/or the said permit which is necessary in order to receive and/or to keep any tax benefit pursuant to Section 102, which is not expressly specified in the Plan or the Award Agreement, shall be considered binding upon the Company and the Israeli Grantee.

(iii) Issuance to Trustee.

(1) All Trustee 102 Options granted under the Plan and/or any Shares allocated or issued upon exercise or vesting of such Trustee 102 Options, as the case may be, and/or other and all rights deriving from or in connection therewith, including, without limitation, in accordance with Section 10 above or any bonus shares or stock dividends issued in connection therewith shall be granted by the Company to the Trustee, and the Trustee shall hold each such Trustee 102 Option and the Shares issued upon exercise or vesting thereof, as the case may be, in trust for such period of time as required by Section 102 or any regulations, rules, or orders or procedures promulgated thereunder (the “Holding Period”), for the benefit of the Grantees in respect of whom such Trustee 102 Option was granted. If applicable, all certificates representing Shares issued to the Trustee under the Plan shall be deposited with the Trustee, and shall be held by the Trustee until such time that such Shares are released from the Trust as herein provided.

(2) In event the requirements for Trustee 102 Options are not met for any reason whatsoever, then the Trustee 102 Options may be treated as Non-Trustee 102 Options, all in accordance with the provisions of Section 102 and regulations promulgated thereunder.

(3) With respect to any Trustee 102 Option, subject to the provisions of Section 102 and any rules or regulations or orders or procedures promulgated thereunder, an Israeli Grantee shall not be entitled to sell or release from Trust the Trustee 102 Option, the Shares received upon the exercise or vesting of such Option, as the case may be, and/or any right deriving from or in connection therewith, including, without limitation, in accordance with Section 11 above or any bonus shares or stock dividends issued in connection therewith, until the later of: (i) the lapse of the Holding Period required under Section 102, and (ii) the vesting of such 102 Options set forth in the respective Award Agreement (such later date being hereinafter referred to as the “Release Date”). Notwithstanding the foregoing, if such sale or release occurs during the Holding period, the provisions of Section 102 and the rules or regulations promulgated thereunder shall apply and any expenses and/or tax consequences therefrom shall be borne by the Israeli Grantee.

(4) Subject to the terms hereof, at any time after the Release Date with respect to any Trustee 102 Options or Shares the following shall apply:

a. Trustee 102 Options granted, and/or Shares or rights issued to the Trustee shall continue to be held by the Trustee, on behalf of the beneficial optionee. From and after the Release Date, upon the written request of any beneficial optionee, the Trustee shall release from the Trust the Trustee 102 Options granted, and/or the Shares or rights issued, on behalf of such beneficial optionee, by executing and delivering to the Company such instrument(s) as the Company may require, giving due notice of such release to such beneficial optionee, provided, however, that the Trustee shall not so release any such Trustee 102 Options and/or Shares and/or rights to such beneficial optionee unless the latter, prior to, or concurrently with, such release, provides the Trustee with evidence, satisfactory in form and substance to the Trustee, that all taxes, if any, required to be paid upon such release have, in fact, been paid.

b. Alternatively, from and after the Release Date, upon the written instructions of the beneficial optionee to sell any Shares and rights issued upon exercise of Trustee 102 Options, the Trustee or the Company, as the case may be, shall use its best efforts to effect such sale and shall transfer such Shares to the purchaser thereof concurrently with the receipt, or after having made suitable arrangements to secure the payment, of the purchase price in such transactions. The Trustee or the Company, as the case may be, shall withhold from such proceeds any and all taxes required to be paid in respect of such sale, shall remit the amount so withheld to the appropriate tax authorities and shall pay the balance thereof directly to the beneficial optionee, reporting to such beneficial optionee and to the Company the amount so withheld and paid to said authorities.

c. Notwithstanding the foregoing, in the event the underwriters of securities of the Company impose restrictions on the transferability of the Shares during a lock-up period, the beneficial optionee shall not be entitled to release from Trust the Trustee 102 Options granted and/or the Shares issued and/or to instruct the Trustee to effect a sale of same, for as long as the restrictions are in effect. In the event the Trustee 102 Options granted and/or the Shares issued have been released from trust the restrictions imposed on the transferability of same shall nevertheless apply to said optionee's Trustee 102 Options held by the Grantee and/or Shares in the same manner. Consequently, the Israeli Grantee shall sign any documents required in order to effect the restrictions, for as long as the restrictions are in effect.

d. Upon receipt of the Award, the Israeli Grantee will sign an undertaking to release the Trustee from any liability in respect of any action or decision duly taken and bona fide executed in relation with the Plan, or any Award or Share or rights granted to same thereunder. The Trustee may establish additional terms and conditions in connection with Awards held in trust by the Trustee.

(iv) Grant of Non-Trustee 102 Options.

(1) Awards granted pursuant to this subsection are intended to constitute Non-Trustee 102 Options and shall be subject to the general terms and conditions of the Plan and Section 20, except for provisions of the Plan applying to Trustee 102 Option or Awards under a different tax law or regulation.

(2) With respect to Non-Trustee 102 Options, if the Grantee ceases to be employed by or of service to the Company or a Related Company, the Grantee shall be required to extend to the Company a security or guarantee for the payment of tax due at the time of sale of Shares or other rights, all in accordance with the provisions of Section 102 and the rules, regulation, or orders promulgated thereunder.

(v) Grants Made Under Section 3(i). Awards granted pursuant to this subsection are intended to constitute 3(i) Options and shall be subject to the general terms and conditions of the Plan and Section 20 thereof, except for said provisions of the Plan applying to Awards under a different tax law or regulation. The Administrator may choose to deposit the 3(i) Options granted pursuant to Section 3(i) of the Tax Ordinance with a trustee. In such event, said trustee shall hold such 3(i) Options in trust, until exercised by the Grantee, pursuant to the Company's instructions from time to time. If determined by the Administrator, the trustee shall be responsible for withholding any taxes to which a Grantee become liable upon the exercise of such 3(i) Options.

(c) Award Agreement. Without derogating from the powers of the Administrator under the Plan, the Administrator shall adopt the form of Award Agreement for Israeli Grantees in form acceptable by the ITA and in compliance with the Tax Ordinance. The Award Agreement shall further indicate the type of Award (102, 3(i), Trustee, Non-Trustee etc.) granted thereunder.

(d) Vesting. Without derogating from the terms of any Award Agreement or the discretionary authority of the Administrator, the standard vesting for Awards to Israeli Grantees shall be as follows:

(i) Twenty five percent (25%) of the Awards granted under each Award Agreement shall vest on the end of the first year of Continuous Service following the vesting commencement date determined by the Administrator and if not specified the date of the grant of an Option (the "First Anniversary"); and

(ii) The remaining 75% of the Awards shall vest on a quarterly basis over a period of three years commencing as of the First Anniversary in twelve (12) equal portions subject to Continuous Service of the Grantee.

(e) With respect to all Shares (in contrast to unexercised Options) allocated or issued upon the exercise of Awards by the Israeli Grantee, the Grantee, or the Trustee, as the case may be, shall be entitled to receive dividends in accordance with the quantity of such Shares, subject however to any applicable taxation on distribution of dividends.

(f) Without derogating from anything in the Plan, to the extent permitted by Applicable Laws, any tax consequences, attributable to the Israeli Grantee, arising from the grant, vesting or exercise of any Award, from the payment for Shares covered thereby or from any other event or act (of the Company, a Related Company, the Trustee, or the Grantee), hereunder, shall be borne solely by the Grantee. The Company and/or a Related Company and/or the Trustee shall withhold taxes according to the requirements under the Applicable Laws, rules, and regulations, including withholding taxes at source. Furthermore, to the extent permitted by Applicable Law, the Grantee shall agree to indemnify the Company and/or a Related Company and/or the Trustee and hold them harmless against and from any and all liability for any such tax or interest or penalty thereon, including without limitation, liabilities relating to the necessity to withhold, or to have withheld, any such tax from any payment made to the Grantee. The Administrator and/or the Trustee shall not be required to release any Share certificate to a Grantee until all required payments have been fully made.

(g) The Plan, to the extent applicable to Israeli Grantees, shall be governed by and construed and enforced in accordance with the laws of the State of Israel applicable to contracts made and to be performed therein, without giving effect to the principles of conflict of laws. The competent courts of Tel-Aviv, Israel shall have sole jurisdiction in any matters pertaining to Israeli Grantees.
